The advent of the self-care age
The 21st century is the age of health.
According to the reformation of the medical insurance system,
“From treatment to prevention”

The age of ‘protect own health by yourself’ has come.
The health market is certainly expanding, new products constantly has been
developed,
it is a good sign of improvement of this market.

Theme “Aging gracefully with energy”
~the balance of your mind and body~

We provide valuable products.
On the basis of the developed consumer in Japan, we develop and research
of our products by making the best use of Okinawa’s superiority,
With a fusion of Okinawan natural materials and functional new materials,
we believe to expand our business by contributing to your health.

Representative Director
Naomi Kakazu
